

1.

Раздайте рабочие листы каждому студенту. Студенты должны работать с партнером и назначать встречи на выходной день. Собеседники должны обсудить возможные варианты отдыха и прийти к взаимному компромиссу. Студенты записывают в дневники, оставив свободными 7 ячеек. Затем студенты общаются в группе. Каждый участник игры должен убедить собеседника провести с ним время (например, сходить в театр или кино). Напишите имя в дневнике рядом с этим видом отдыха. Собеседники также заполняют свободные ячейки названиями видов отдыха, на которые они согласились.

1.Первый участник игры, нашедший студента, который согласился на все указанные виды отдыха является победителем.

2.Первый участник игры, заполнивший все ячейки, является победителем.

A perfect weekend.

Arrange a perfect weekend with your partner. Complete 8 squares in your diary, choosing from the box below and using your own ideas. e.g. *having dinner with Britney Spears or playing tennis with Peter. Leave seven spaces free.*

- Having breakfast/lunch/dinner (what type of restaurant?)
- Playing a sport (what type?)

	FRIDAY	SATURDAY	SUNDAY
9 a.m.			
12.30 p.m.			
4p.m.			
7 p.m.			
10 p.m.			

Now talk to other members of the class. Try to persuade one more person to do the activities you have chosen with you and your partner. Write his or her name right to the activity. If somebody persuades you to do something in your free squares, write down the activity.

Пример диалога.

- Why don't you come for a walk in the mountains with me and Lola at 9 o'clock on Sunday morning?
- No, thank you. I like sleeping at 9 o'clock in the morning.
- What are you doing at 9 a.m. on Friday?
- Nothing. Why?

Игра How often...?

Каждому студенту дается карточка. Студенты должны опросить других членов группы, задав вопрос, начинающийся со слов «Как часто...?» “ How often...?” Студенты отвечают, используя наречия времени (*never, usually, sometimes, always, often, hardly ever*).

Когда игрок находит студента, который соответствует одному из трех предложений, они пишут имя этого студента на карточке. Потом подходят к другому студенту.

Перед началом игры следует вспомнить, как образуются вопросы в настоящем простом времени.

После опроса студенты рассказывают о членах группы по карточкам в третьем лице.

Игра проводится 10+10 минут.

Например- карточка № 1

Find somebody who:

- a) never reads a newspaper.
- b) usually reads in bed.
- c) sometimes read in English.

Alex, how often do you read newspaper?- I often read newspaper.

How often do you read in bed?-I seldom read in bed.

How often do you read English?-I read English *sometimes*.

Alex reads English sometimes.

Студент с карточкой записывает на ней имя 'Alex', затем подходит к следующему игроку.

Карточки

Find somebody who:

- d) never reads a newspaper.
- e) usually reads in bed.
- f) sometimes read in English.

Find somebody who:

- a) never goes shopping for clothes.
- b) usually buys food in the supermarket.
- c) sometimes shops on the internet.

Find somebody who:

- a) always does sport at the weekend.
- b) never watches sport on TV.
- c) sometimes listen to sports on the video.

Find somebody who:

- a) often wears a hat.
- b) usually wears a dress.
- c) hardly ever wears jeans.

Find somebody who:

- a) usually stays at home during the holidays.
- b) never goes abroad.
- c) hardly ever sunbathes.

Find somebody who:

- a) hardly ever goes to the cinema.
- b) often goes to the theatre.
- c) never watches DVDs or videos

Find somebody who:

- a) hardly ever meets friends at the weekends.
- b) never goes to a club.
- c) usually eats in a restaraunt.

Find somebody who:

- a) usually eats fast food.
- b) never drinks alcohol.
- c) hardly ever eats breakfast.

Find somebody who:

- a) often travel by plane.
- b) always walks to school/work.
- c) hardly ever rides a bike at weekends.

Find somebody who:

- a) is hardly ever tired.
- b) is always happy.
- c) is often angry.

Примерный рассказ после опроса по одной карточке.

- 1) Alex never goes shopping for clothes.
- 2) Lena usually buys food in the supermarket.
- 3) Dima sometimes shops on the internet.

Коллективный рассказ.

Например

Alex is always happy. Nina often travels by train. Lisa hardly ever eats breakfast. Den never goes to the club. Tim often goes to the theatre. Anna usually stays at home during the holidays. Sergey often wears a hat. Dima sometimes listen to sports on the video. Yulia usually buys food in the supermarket. Lena never reads a newspaper.

4

Дайте каждому студенту копию рабочего листа и скажите, чтобы они посмотрели на таблицу, которая показывает различные степени согласия и несогласия.

Скажите студентам, чтобы они прочитали предложения и напишите число рядом с каждым предложением, например, если они *strongly agree* с первым предложением они пишут номер 1 рядом с этим предложением. Каждому студенту помогите обосновать свою точку зрения.

Данные вопросы можно обсудить в группах по 3 или 4 человека.

Agreeing and Disagreeing.

- 1- strongly agree
- 2- partially agree
- 3- depends
- 4- partially disagree
- 5- strongly disagree

- 1. Mental strength is more important than physical strength in today's world.

2. Men always have more physical strength than women.
3. Women usually have more mental strength than women.
4. You can learn to control your fear.
5. Men usually control their fear better than women.
6. You can always rely on your family more than your friends.
7. It's better not to rely on your partner too much.
8. The most important thing in life is to achieve your goals.
9. If you work a lot you can always achieve your goals.
10. It's more important to have your challenges every day than to achieve your goals.

Пример -I strongly agree with number 2. That's nature.

5

Ask politely

Разделите класс на пары. Дайте одному студенту роль администратора/ секретаря, а другому роль клиента/студента. Студенты инсценируют диалог, задавая косвенные вопросы. Можно задавать дополнительные вопросы.

Card 1

You are a secretary at Queen's College

You have to give the following information to new students:

Language Courses

1 month-300pounds

3 months -750 pounds

Classes are in the morning from 9 o'clock to 12.30. or in the afternoon from 2 o'clock until 5.30.

Maximum number of students per class is 15.

Extra activities, e.g., visits to art galleries, cinema trips, and parties in the evening (8 pound each).

Student placement tests every Monday morning.

Card 2

You want to study at queen's college Language School. Go to the office and ask the secretary POLITELY for some information. You want to know.

1. How much do the courses cost?

2. How many hours a day do you study?
3. What time do the classes start and finish?
4. Is there a limit to a number of students per class?
5. Are there organized trips or activities in the evenings?
6. Have you got to do a placement test? When?

When you have all the information (ask extra things if you like), decide which course you want to take.

Card 3

You are staying in London at the Royal Park Hotel. Go to the office and ask the secretary POLITELY for some information. You want to know.

1. What time is breakfast served?
2. Is there any access to Internet in the hotel?
3. What is the international dialing code?
4. How far is it to the nearest underground station?
5. How do you get to the swimming pool and gym?
6. How do you get to Buckingham Palace from the hotel?

When you have finished thank the receptionist and ask her/him to give you an early morning call to wake you.

Card 4

You are a receptionist at the Royal Park Hotel, London. You often have to answer client's questions. Give the following information to your partner, the client.

1. Breakfast 7.30-10 a.m.
2. Internet can be used in every room at a cost of 2 pounds per hour.
3. There is also a swimming pool and a gym for client's use on the fifth's floor.
4. The international dialing code is 00.
5. The hotel is in central London so there are two underground stations about 5 minutes' walk from the hotel. Buckingham Palace is at the end of the street, on the left.

Дайте одну карточку каждому студенту и скажите, чтобы они прочитали информацию.

Объясните, что студенты должны выяснить, сколько людей в классе сделали то, что написано на их карточке, задавая вопрос в настоящем совершенном времени: *Have you...?* С некоторыми вопросами студенты могут использовать *Have you ever...?* Если студент совершил то, что указано на карточке, нужно задать дополнительный вопрос на этот раз в прошедшем простом времени.

Студенты встают в круг и задают вопросы. Студенты делают записи на карточках.

Когда студенты закончили опрос, опросите их. Если в группе более 10 студентов, вы можете объединить студентов с одинаковой карточкой так, чтобы они могли сравнить информацию перед опросом.

What are you doing in London?

Скажите студентам что они собираются на ВИП вечеринку в Лондоне. Дайте каждому студенту ролевою карточку, скажите чтобы, они изучили карточку и дополнили недостающую информацию, используя воображение.

Затем дайте им копию таблички, которая находится на второй половине рабочего листа. Если играют 6 или менее студентов, скажите им, что они должны найти человека для каждой категории (актер, певец и т.д.) и добавить информацию. Если больше, чем 6, пусть студенты добавят свою собственную информацию сначала на табличке, перед тем как начать опрашивать других студентов.

Перед началом игры удостоверьтесь, что студенты умеют задавать вопросы.

Скажите студентам, что они должны узнать как можно больше информации для того, чтобы заполнить табличку.

Когда студенты закончат заполнять листы, они сообщают о том, что узнали. Рассказ должен получиться от третьего лица и быть оформлен грамматически правильно. В

рассказе студенты должны использовать настоящее простое и настоящее длительное время.

What will happen to Peter's Bay?

Дайте студентам копию верхней части рабочего листа с информацией о заливе. Теперь разделите класс на 4 группы и раздайте им ролевые карточки А, В, С, D. Студенты изучают карточки и готовятся к дискуссии. Студенты составляют предложения в будущем простом времени и добавляют свои идеи. Студенты проводят дискуссию в группах по 4 человека о будущем залива (5-10 минут) и составляют проекты.

После завершения дискуссии студенты выступают в роли жителей деревни, обсуждая составленные проекты.

Peter's Bay is a small fishing village in the north of Scotland. It's a very beautiful place situated on the coast. The local community is very close and everybody knows and helps each other. Until now they have never had many visitors. However, the *Easy Travel* holiday company have made a proposal for the villagers. They want to make Peter's Bay into a new modern tourist destination. They are planning to build hotels, restaurants, fun areas and souvenir shops. To do this they need to buy land from the residents and they are offering a lot of money. Today there is a meeting in the village may to discuss the matter.

<p>A You are the Director of Dream World. You have to convince the people that your plan is a good idea. Think about the positive things that will happen e.g., more jobs, more choice for shopping, more modern things like internet cafes, more cosmopolitan atmosphere.</p>	<p>B You are the owner of a very small hotel. You don't like the idea because you attract people to your hotel because the place is peaceful and an alternative destination for tourists. Think about the negative things that will happen e.g., you will lose business, more pollution, more noise, ugly buildings, more crime.</p>
<p>C You are a mother/father of two small children. You like where you live because you think it is a good place to bring up children. Think about the negative thing that will happen e.g., more pollution, more noise, ugly buildings, more crime, danger for children.</p>	<p>D You are a young man/woman who has just finished a tourism course. You love your village but you'd like it to change. Think about the positive things that will happen e.g., more jobs, more choice for shopping, more modern things like internet cafes, more cosmopolitan atmosphere, more money for the villagers and you of course.</p>

10

How long have you...?

Раздайте карточки каждому студенту. Студенты должны выяснить друг у друга информацию, задавая вопросы на карточках. Первый вопрос должен быть задан в настоящем простом времени, а второй- в настоящем совершенном времени с использованием предлогов *for* и *since*. Во время беседы студенты делают записи.

Когда студенты закончат беседу, каждый делает доклад по своей карточке.
